ADMINISTRATION

James M. Lipham was born August 10, 1927, at Fyffe, Alabama. He attended public school in LaGrange, Georgia, and graduated from the LaGrange High School. After high school he attended Tennessee Wesleyan College at Athens, Tennessee, and graduated Cum Laude with the degree of Associate in Arts.

While on active duty with the army in Japan during World War II he worked on occupational classification of enlisted men. Returning from the army, he attended the University of Georgia and received the Bachelor of Science Degree in 1951 with a major in chemistry and with minors in physics and education.

With the outbreak of the Korean War, he was recalled to active duty and conducted research in the chemical laboratory of an army hospital.

He then returned to the University of Georgia in 1952 and completed the Master of Science degree with a major in Education. At the University he was awarded the following honors: Phi Beta Kappa, National Honarary Society; Phi Kappa Phi, National Scholastic Society: Gamma Sigma Epsilon, Honorary Chemical Society; Kappa Delta Pi and Phi Delta Kappa, National Educational Fraternities.

Mr. Lipham served two years as chemistry and physics teacher in Tifton, Georgia, High School and as guidance coordinator of the Tifton Public Schools. In June of 1955 he enrolled at the Ohio State University and began working towards the Doctor of Philosophy Degree. During the past school year he taught Biology and General Science in Upper Arlington, Ohio, High School, and also served as critic teacher for students majoring in science education at the Ohio State University.

Mr. Lipham came to DeGraff in July of 1956 as administrator of the local school. He instigated the six-period day in our school this year and is endeavoring to guide this school to a high scholastic level.

Pirate Queen

JUDY ROBY

In a general election, in which a vote was cast by each subscriber to the Pirate's Log, Judy was selected as our Pirate Queen. She is a representative student, both in curricular and extra-curricular activities. As a Freshman, she was a member of both the concert and marching bands and served as class secretary. During her sophomore year, she really got into her stride, serving as secretary of the sophomore class, playing in the bands, being on the Torch Staff, playing volleyball in the tournament, and, lastly, being one of our very energetic cheerleaders. Then, as a Junior this year, she is at present the Secretary of Student Council, still playing in the band, on the Torch Staff, in the Junior Play, a member of the Spanish Club, and still leading cheers. Besides all these activities, Judy carries a 3.3 average in her scholastic work. Her outside activities include 4-H work, church work, and sports.

We take great pleasure in presenting Judy Roby as our Pirate Queen for the year of 1957. Instead of leading cheers, Judy, you can now receive some.

THE TORCH

The Band has performed at all football games, participated in marching contests, presented a spring concert, and marched in any community event using a marching unit.

At football games they presented formations and helped make special events more interesting. During Homecoming, they marched at the half time, and took an active part in the Homecoming ceremonies.

Homecoming

QUEEN

COURT

Homecoming this year was a howling success. We can truthfully say that we did not lose the game to Zanesfield---we tied 6 to 6! After the game and the very nice half-time ceremonies, a dance was held in the gym. It was an unusually good one with live music and the happy crowd attending.

EMPLOYEES

MARY SLATER

Mrs. Slater's ready smile and willingness to help make her liked by everybody. Without her, the office wouldn't be the same. Among other duties, she types the daily bulletin, greets guests, and manages endless mounds of money. You seldom find her idle.

COOKS

Viola Hazelgrove
Leona Mohr
Josephine Moffitt

You have these ladies to thank for the delicious food you have been eating for lunch. Tell them what you like, and they fix it. This year an automatic dishwasher has eased their work. They certainly deserve to have it eased; it's hard to prepare well-balanced meals for a whole school.

THEODORE HAYNES

There isn't enough heat in your room? It's too hot? You want the mail? A repair is needed? Someone spilled his lunch tray? Just call on Mr. Haynes to remedy any such situation. Always handy, he arrives at the school before many of us are out of bed, and is there to close up at the end of the day (some of which are mighty long!). Our custodian at least leads a <u>full</u> life.
